

Northern Inter-Tribal Health Authority Inc.

PUBLIC SERVICE ANNOUNCEMENT:

Public Health Orders to Reduce Gathering Sizes, Mandatory Masking in Saskatoon, Regina, and Prince Albert

Thursday, November 5, 2020 17:00HRS

Northern Inter-Tribal Health Authority (NITHA) public health officials are reminding the public that as of 12:01 am Friday, November 6th, the public health orders will be amended, enhancing measures to address increasing COVID-19 case rates in the province of Saskatchewan.

- **Indoor gathering sizes reduced**
 - The maximum allowable gathering size for private gatherings in the home setting will decrease to 10, down from 15. This maximum allowable size includes those household members who ordinarily reside in the dwelling. Any event that occurs in a private dwelling and any outbuildings (garages, etc.) including weddings, religious gathering and funerals must abide by the 10 person gathering limit.
 - The 10 person limit does not apply to households with more than 10 family members living in the same residence.

- **Mandatory Masking Required in Indoor Public Places in Saskatoon, Regina and Prince Albert** (www.saskatchewan.ca/masks).
 - This public health order will be in place for 28 days, then subject to review by the chief medical health officer.
 - For all communities, health officials strongly recommend wearing a non-medical mask anywhere outside the home as an additional measure to reduce the transmission of COVID-19. Non-medical or cloth masks can play an important role in settings where physical distancing is not possible or is unpredictable.

Everyone in the province including on reserve communities must follow the current Public Health Orders from the province. For more information on self-monitoring and self-isolation, visit saskatchewan.ca/COVID19.
