NITHA COVID-19 Vaccine Rollout Script – Version #1

"Hello, I am … and here to talk to you about…"

Indigenous leaders and healthcare providers look to traditional knowledge for wisdom and guidance to protect our communities against COVID-19.   The new COVID-19 vaccines will complement this approach and help protect our communities from the virus, especially our Elders. Vaccines have arrived in our northern communities. It is safe, and can save lives.   We will soon get more vaccines but for now, COVID-19 is still a health threat to our families and our communities. To keep each other safe, we all need to do our part and follow public health guidance:

- **Wash our hands often and wear a mask in indoor public places**
- **Stay 2 meters apart and avoid gatherings**
- **If you have symptoms of COVID-19, please get tested and stay home.**

"Together, we can do this.   To learn more about the best ways to protect yourself and others and get the facts about vaccines please visit Canada.ca/coronavirus or call 1-833-784-4397."
