

***NITHA COVID-19 Vaccine Rollout Script – Version #4***

***“Hello, I am \_\_\_\_\_ and provide elder advisory services to Northern Inter-Tribal Health Authority and to \_\_\_\_\_ (one of four Partners). I’m here to talk to you about COVID-19 and how together, we can keep each other safe.”***

**The vaccine has arrived in our communities and our community health care providers are working diligently to protect the communities from COVID-19. Healthcare providers are now immunizing health care workers, elders and all those over the age of 50 in our communities. I believe the vaccine is safe and I believe it will save lives. COVID-19 is still a health threat and while we will get more vaccines, we still need to do our part by following public health guidance:**

- Wash hands often and wear a mask in indoor public places**
- Stay 2 meters apart and avoid gatherings**
- if you have symptoms of COVID-19, please get tested and stay home.**

***“Together, we can keep each other, our families and our communities safe. To learn more about the best ways to protect yourself and others and get the facts about vaccines please visit [Canada.ca/coronavirus](https://Canada.ca/coronavirus) or call 1-833-784-4397.”***
