

<b>Outcomes – IOM WS</b>	<b>Name of Activity:</b> Outcomes		
	<b>Role performing Activity:</b>		
<b>Panorama – IOM WORK STANDARD</b>	<b>Location:</b>		<b>Department:</b>
	<b>Document Owner:</b>		
	<b>Date Prepared:</b> May 16, 2018	<b>Last Revision:</b> April 5, 2022	<b>Date Approved:</b>

**Assumptions: Investigation in Context**

Note: Outcomes are required for severe influenza, severe COVID-19, and invasive disease investigations and investigations that are associated with a fatal outcome.

<b>Essential Tasks:</b>	
<b>1.</b>	<p><b>LHN &gt; INVESTIGATION &gt; OUTCOMES</b></p> <ul style="list-style-type: none"> <li>➤ Select Outcome from the drop down list</li> <li>➤ Select an Outcome date <ul style="list-style-type: none"> <li>• Enter the first date associated with the outcome (e.g. ER visit, hospitalization {date of admission}, intensive medical care, intubation/ventilation)</li> </ul> </li> <li>➤ Click “Add Outcome” Button</li> <li>➤ Enter Comments – if applicable – ie. Location and dates of hospitalization <ul style="list-style-type: none"> <li>• Click on “Add” Button</li> </ul> </li> <li>➤ Click on “Save” Button</li> </ul>
<b>2</b>	<p><b>If “Other” is chosen – from Outcome drop down list</b></p> <ul style="list-style-type: none"> <li>➤ Select Outcome from the drop down list</li> <li>➤ Select an Outcome date</li> <li>➤ Enter “Other outcome” information in free text box</li> <li>➤ Click “Add Outcome” Button</li> <li>➤ Enter Comments – if applicable <ul style="list-style-type: none"> <li>○ Click on “Add” Button</li> </ul> </li> <li>Click on “Save” Button</li> </ul>

**If “Fatal” is selected from drop down list**

- Select Outcome from the drop down list
- Select an Outcome date (date of death)
- Click “Add Outcome” Button
- Enter Comments – if applicable
- Click on “Add” Button
- Select “Cause of death” from drop down list. Disease under investigation should be selected if the communicable disease was an underlying, or contributing cause of death; if the communicable disease was unrelated to cause of death (e.g. car accident, etc), select “other” or “unknown” as appropriate.
  - Click on “Add” Button

- Click on “Save” Button.
- NOTE: Once the Fatal outcome has been entered and saved, the client’s status will automatically be updated to “deceased inactive”. Panorama Users can identify a Client’s status by reviewing the flag found at the top right of the Client Header when the Client is in context. It is important that the client is inactivated so they do not have their Panorama Forecast updated and are not included in Reminder/Recall Queries, etc.
- Select Relationship to Communicable Disease from drop down list (most likely will not know unless death certificate is obtained)

- Enter information source (free text field - where the information regarding the cause of death was obtained e.g. autopsy report, death certificate, family physician)
- Select if autopsy performed from drop down list (no, pending, unknown, yes)
- Enter Comments – if applicable
  - Click on “Add” Button
- Click on “Save” Button

Date	Revision
April 2022	<ul style="list-style-type: none"> <li>• Added Relationship to communicable disease</li> <li>• Added note regarding importance of deceased client to be inactive</li> </ul>
