Primary Care Community Health Nurse Employment Opportunity

MLTC was created by nine First Nations located in north-west Saskatchewan who have constitutionally recognized aboriginal rights and Treaty Rights under Treaties #6, #8 and #10. The primary purpose of MLTC is to serve those First Nations in their aspirations for cultural, economic and political autonomy. As a private sector employer engaged primarily in promoting and serving the interests of the member First Nations, MLTC asserts its right to provide preferential treatment to First Nations people, giving them priority in decisions on employment matters such as hiring, and this can extend to measures such as opening competitions only to First Nations people.
